

EVORA

Sustainable Infrastructure

A sustainable approach to infrastructure investments.

Navigate Sustainable Infrastructure

Investing in infrastructure presents a unique opportunity for long-term growth, but it requires a deep understanding of the investment's distinct risks and rewards. To effectively manage these aspects, the implementation of robust Environmental, Social, and Governance (ESG) processes is paramount.

The global landscape of infrastructure assets is greatly influenced by climate change. Therefore, comprehending both physical and transition risks is crucial to ensuring the resilience of your investments. By doing so, you can harness the potential of infrastructure to aid society in mitigating and controlling these impacts.

However, it's important to recognize that infrastructure assets can have significant environmental and social effects, both positive and negative. As responsible investors, the practice of strong stewardship, transparency, and well-managed ESG practices becomes imperative. These measures ensure that your assets perform optimally, even amidst the ever-changing regulatory environment.

EVORA Global: Your infrastructure partner

At EVORA, we pride ourselves on our profound understanding and appreciation of the global challenges, opportunities, and priorities in the sustainable infrastructure sector. Our comprehensive range of end-to-end sustainability services is designed to assist you in achieving your short, medium, and long-term goals.

As infrastructure experts, we are committed to supporting investors like you with a diverse range of services, including:

- ESG Strategy Development and Implementation
- Corporate ESG Reporting
- Climate Resilience and Adaptation Assessments
- Greenhouse Gas Reporting
- CEEQUAL Assessments and Accreditation
- Technical Due Diligence
- Sustainable Finance (SFDR / EU Taxonomy Alignment Fund Set-up)
- UNPRI Reporting
- GRESB Reporting

Trust EVORA Global for Sustainable Assets

We go beyond consultancy, serving as your trusted partner for sustainable real asset investments.

We reached out to EVORA regarding our Infrastructure ESG efforts to which they provided expert support. The EVORA team displayed a deep understanding of sustainability areas which allowed us to focus on the key areas of our reporting. We would highly recommend EVORA to anyone looking for support in their Infrastructure ESG initiatives.”
